(OMISSIS)

Discipline and management of sponsorship – Ambit and intervention area approval.

Assuming that,

with the Capitoline Assembly Deliberation n.23 of the 7th of march 2019 the new Regulation on the Discipline and Management of Sponsorship has been approved (hereafter Regulation) and contextually repealed the City Council Deliberation n. 214 the 15th of November 2004 of the previous “regulation on the discipline and management of sponsorship approval;

according to art. 4 of the Regulation the scopes and areas of intervention subject of the sponsorship are identified annually by the Capitoline Committee, in accordance with the Institutional planning documents;

with the purpose to implement the regulatory provisions, with circular prott. n. SU/3532 of the 28/02/2023, and n. SU/4966 of the 21/03/2023, The Contracts Central Department required to the different Roma Capitale Structures, with a reconnaissance aim, to identify possible spheres of interest and areas of intervention in order to activate sponsorship contracts and to submit them to the Capitoline Committee attention;

the Capitoline Structures that identified the aforementioned spheres were: The Capitoline Superintendence, the Heritage Enhancement and Housing Policies Department, the Environmental Protection Department, the Waste Cycle, Prevention and Pollution Recovery Department, the Major Events, Sport, Tourism and Fashion Department, City Halls Roma II, Roma IV, Roma VI, Roma VIII, Roma IX, Roma X, Roma XI, Roma XII, Roma XIII, Roma XIV, Roma XV;

the Capitoline Structures below, while providing feedback to the aforementioned circulars, they however have not identified spheres to activate sponsorship contracts: the Mayor's Cabinet Management Offices II, III, IV and V, the Capitoline Assembly Office, the General Secretariat, the Roma Capitale Local Police Corps, the Organization and Human Resources Department, the Equal Opportunities Department, the Economic Development and Productive Activities Department, the Social Policies and Health Department, the Digital Transformation Department, the School, Employment and professional Development Department, the Participates Department, City Halls Roma I Centre, Roma V, Roma XII;

the Environmental Protection Department has communicated to receive during the year technical sponsorship request especially for enhancement and maintenance of public green areas and equipment present on them, including the recreational and sports areas;

the Waste Cycle, Prevention and Pollution Recovery Department has communicated the interest in the activation of eventual additional sponsorship contracts, even if still not planned, related to interventions connected to different competence areas of the Department itself, more specifically the waste management as well as the pollution recovery;

the City Hall Roma XII, reiterating that no suitable areas of intervention have been identified in the immediate future, has communicated that they are currently studying spheres related to public areas maintenance and parks under municipality authority;

the City Hall Roma XV, while not providing any element relating to specific sponsorship interventions, anyway expressed the interest to stipulate sponsorship contracts related to some properties declared owned by Roma Capitale such as the Torretta Valadier of Ponte Milvio;

considering that,

the art. 4 paragraph 1 of the Regulation also provides that the Capitoline Committee can formulate specific addresses for the activation of sponsorship initiatives that arise subsequently the approval of the aforementioned Institutional planning documents,

all the initiatives are listed in the Attachment 1, to be considered an integral part of this document;

the areas deduced from the proposals received were divided as follows:

Urban redevelopment;

Redevelopment of real estate property;

Supply and Maintenance of furniture and equipment in green, recreational and sports areas;

Green area maintenance and air pollution monitoring;

Restoration and enhancement of cultural heritage;

ancillary Services to cultural events and activities;

Supply of Christmas lighting;

Supply of goods for sport and cultural events (e.g. plaques, medals, cups, T-shirts etc.);

considering that on the 5th of April 2023 the Contracts Central Department Manager expressed the subsequent opinion quoted in full: "According to and as result of art. 49 Law Decree 18 August 2000, n. 267 and subsequent amendments, a favorable opinion is expressed with regard to the technical regularity of the proposed deliberation in object.

The Manager

Signed: M. Laurenti"

On the 5th of April 2023 the Contracts Central Department Manager made the subsequent statement quoted in full: "According to art. 30 paragraph 1, lett. i) and j) of the Roma Capitale Offices and Services Set of Rules Regulation, I attest the coherency of the Deliberation Proposal in object with the Administration planning documentation, approving it with regard to the choices having significant areas of technical discretion with a general impact on the departmental function and on the use of the resources it involves.

The Manager

Signed: M. Laurenti"

On the 11th of April 2023 the General Accountant expressed the subsequent opinion quoted in full: "According to and as result of art. 49 Decree Law 18th of August 2000, n. 267, a favorable opinion is given regarding the accounting regularity of the Deliberation Proposal specified in the object (port. SU/5968 of the 6th of April 2023 - RE/39114/2023".

The General Accountant

Signed: M. Iacobucci";

on the original text of the proposal in question, the function of legal-administrative assistance was carried out by the General Secretariat, according to art. 97, c. 2, of the Consolidated Act on the Organization of Local Authorities, approved with Decree law 18th of August 2000, n.267.

Given:

art. 43 Law 449/1997;

art. 119 Law Decree 267/2000;

art. 120 Law Decree 42/2004;

art. 19 and 151 Law Decree 50/2016;

art. 4 Regulation on the Discipline and Management of Sponsorship approved with City Council Deliberation n. 23 of the 7th March 2019

now therefore and considered,

The Capitoline Committee

Approves

for the reasons expressed in the narrative,

to approve the following scopes and areas of intervention subject to sponsorship, derived from proposals received, reported in the attachment 1 as an integral part of this document:

Urban redevelopment;

Redevelopment of real estate property;

Supply and Maintenance of furniture and equipment in green, recreational and sports areas;

Green area maintenance and air pollution monitoring;

Restoration and enhancement of cultural heritage;

ancillary Services to cultural events and activities;

Supply of Christmas lighting;

Supply of goods for sport and cultural events (e.g. plaques, medals, cups, T-shirts etc.);

Subsequently, in the cases provided for by current legislation, we will update the three-year planning of public works and the two-year planning of goods and services purchase, on the basis of the initiatives that will be identified within the areas defined and in line with the resources planned in the budget.
