

PUBLIC NOTICE

Registration for the Capitolina nursery School

year 2020 / 2021

Registrations are open
from 8th January to 29th January 2020

1) REQUIREMENTS FOR REGISTRATION

1.1 Age

All children can be registered on 31st December 2020 at the age of three or they have not completed, on the same date, the sixth year of age, in compliance with the mandatory vaccinations established by the Law n.119 of 31st July 2017.

It is also foreseen the registration of the children both male and female that will be three years of age on 31st January 2021. In this case their admission is subject to the exhaustion of the municipal waiting list of the children who have completed 3 years by 31st December 2020, as well as the exhaustion of the ranking for applications submitted after the deadline (29th January 2020) which will be three years before 31st December 2020.

For request of families, both male and female can be enrolled at the Capitoline nursery School who will be three years of age by 30th April, 2021, born in the months of February, March, and April 2018, so-called "anticipators".

In order to guarantee pedagogical quality, flexibility and specific educational offer in line with the particular age group concerned, the admission of the children both male and female at their early attendance is subject to the following conditions:

- a)** availability of places;
- b)** verification of the exhaustion of any municipal waiting list and of the list of children who have submitted their application after deadline, also for the children who will be three years of age by 31st January 2021;
- c)** availability of suitable premises and equipment from the point of view of practicability and functionality, such as to meet the different needs of children under three years of age, who were born in February, March and April 2018;
- d)** pedagogical and didactic evaluation, by the college of the teachers, will be based on time and methods of reception.

1.2. Residence

The application form can be submitted by the parents of the children who are resident in the territory of Rome Capital with at least one parent, guardian or custodian residing in the municipality where the chosen school is located, or in one of the municipalities where the grandparents of the children reside, or rather the employment of one of the two parents. The family unit can be composed of both parents, a single parent, a guardian or custodian.

Registration applications are accepted with reserve:

- the children of the same family are awaiting residence (coming from other Municipalities);
- of the children whose families are awaiting transfer of residence both in their own Town Hall and from another Municipality.

In both cases the family must present self-certificate, pursuant to Presidential Decree 445/2000, the transfer of residence in progress. The children will be included in the rankings. By 31st August, 2020, the Municipal Childhood Management Office will verify, under penalty of forfeiture, that the new residence is effective. All children present temporarily can be registered in the territory of Rome Capital, even if they do not have residence in relation to current international, national and regulatory standards;

for those children, the Administration ensures, also through network agreements and inter-relationships between areas, for best integration.

2) HOW THE SCHOOL FUNCTIONS:

The Capitoline Nursery School is organized in territorial areas that include one or more schools. The service of each single nursery school is divided into sections that are usually composed of 25 children. Without prejudice to the inclusion of the child in his or her class group, in the nursery school specific laboratory activities are carried out, including interclass activities.

2.1. Calendar

The Nursery School follows the school calendar approved by the Lazio Region, which obligatorily provides for the opening on the 15th September every year, automatically extended to the following day if it falls on a Saturday or Sunday, and the closing on 30th June of each year.

2.2. Timetable

The school timetable, where both full-time sections and morning sections are active:

- **morning sections: Monday to Friday from 8.00 am to 1.20 pm with exit starting from the previous half hour;**

- **full-time sections: Monday to Friday from 8.00 am to 5.00 pm, leaving at 4.00 pm**
The choice of the morning or full time schedule is binding for the entire school year.

Within the full-time shift, the family can indicate a further option with exit from 14.00pm -14.30pm.

2.3. Teaching of the Catholic religion

When completing the registration application form, the family can choose the teaching of Catholic religion or not. The school will provide alternative activities for children whose parents had chosen not to use this teaching.

This choice is binding for the entire school year.

2.4. Time and method of insertion

Entry into the nursery school represents a particularly delicate moment for the children male and female in their growing stage, as it may constitute for many the first meeting with a wider community.

The school promotes the reception of the children organizing spaces and time of reception and acclimatization, through collective and individual meetings with the parents, planned before the starting of the school and also provide time for the children , and gradual personalized.

For newly enrolled girls and boys, there will be a staggered and personalized insertion, which will be carried out continuously during the first week opening of the school .In compliance with the rhythms and needs of each child, the acclimatization period must be concluded for them by September.

3) INCLUSION

Inclusion involves all the children and guarantees participation in the educational and school life in order to achieve the maximum possible in terms of learning and socialization through personalized paths of growth and education.

An inclusive nursery School educates the value of diversity as an exchange that enriches and overcomes preconceptions. We are included in a context where we experience common experiences that favor the sharing of objectives and strategies and develop a sense of belonging to the group. This process is the fruit of the collegial initiative, is carried out in harmony with the whole educating community and is not guaranteed exclusively by the individual teacher or operator.

The Administration of Rome Capital is committed to implement and guarantee the full participation in the normal school life of all the children, regardless of their personal and social conditions, valuing the rights of each person, implementing the constitutional principles.

It ensures, also through network agreements and interrelations between areas, the best integration of boys and girls of different nationality and Italian citizenship.

3.1. Boys and Girls with disabilities

The Administration of Rome Capital protects the rights to care, education and health of the children with special educational needs, in compliance with constitutional principles and current legislation (L.104 / 92).

In particular, for children with disabilities, the nursery schools of Rome Capital outline, based on an interactive and organizational pedagogical model, inclusive teaching and an individualized educational project shared with parents, ASLs or Accredited Centers, which follow the children. The project is aimed at the well-being and individual and collective growth, is aimed at achieving, with respect to the possibilities of each, high levels of learning, sociability, identity, autonomy and to guarantee a harmonious development of the person within a coherent life project promoted in collaboration with families.

The disability must be recognized with a report or provisional certificate of the forensic medical commission (Law 104/92), or with certification issued by public health facilities (ASL or Hospital).

For the purposes of awarding the score, this documentation must be attached to the application for registration or presented to the municipal office of competence, by 21st February 2020, in view of the publication for the provisional ranking established for 27th February 2020.

Subject to the availability of places, children with disabilities may be admitted at any time of the year.

3.2. Assignment of personnel for school integration

In relation to the regulations in force, for the assignment of staff for school integration, families must present, together with the application form, the following valid certification:

- Statement of ascertainment of the forensic medical commission of the ASL L.104 / 92; the recognition of Law 104/92 establishes a term of validity of the disability within which it must possibly be renewed;
- Certification for school integration issued by the TSMREE service of the ASL of residence of the child. The aforementioned certification must include the clinical diagnosis and indicate the necessary professional resources (Support teacher, Educational Autonomy Operator, Assistant Specialist for sensory disability), as well as specifying the updating times for the same;
- Functional diagnosis prepared by the TSMREE service of the ASL or by the rehabilitation center recognized by the Regional Health System, by the specialist center, university teaching hospital and research institutes.
- The request for personnel integration, signed by the parents.

In Rome Capital nursery schools, the continuity and stability of the educational path is guaranteed by the teachers in charge of the section.

It is the duty of the Teaching Committee to engage in the process of inclusion and implementation of the Individualized Educational Plan for the disabled, sharing with any new additional figures to sustain their teaching.

The additional integration teachers are assigned by the Administration to support the whole service for the presence of children with disabilities, with the aim of guaranteeing the educational co-responsibility of the teachers present in the reference section. The support teacher is employed in support of the Teaching Committee due to the presence of the user with a disability and not assigned exclusively to the individual child. (D.G.C. 697/2003).

If in the chosen school there is a presence of children with disabilities that does not guarantee an effective educational experience to all the children, the municipal offices will agree with the families the choice of an alternative school with respect to the option initially formulated, also taking into account the actual distribution of access applications on the municipal territory.

4) SUPPORT SERVICES

4.1. School catering

Attendance at the Capitolina nursery School is free.

Full-time subscribers, after the formal acceptance of the place, must pay a fee to participate in the expenditure for the use of the school catering service. This fee is payable in full regardless of the actual attendance of the child and must be paid for 10 months from September to June of each school accademic year, as required by the Deliberation of the Capitoline Assembly n. 117/2018.

To be able to take advantage of the reduced fee for the contribution fee, the user must access the institutional portal of Rome Capital and insert the relative application. The subsidized amount is calculated based on the value of the Equivalent Economic Situation Indicator (ISEE) reported in the Single Substitute Declaration (DSU).

In order to enjoy the reduced contribution fee, the request must be submitted exclusively online in the period envisaged by the completion of the enrollment and up to 31st July for each school year (resolutions of the Capitolina Assembly n 117/2018). Beyond this deadline the maximum contribution fee of € 80.00 per month will be applied.

Parents interested in promptly initiating the procedure for issuing an ISEE certificate from INPS are invited, including through the CAF, given the time required for the delivery of the document, at least 10 working days.

It will be the responsibility of the applicant to monitor, in the reserved area of the Rome Capital institutional portal, the processing status of the reduced rate request to verify the acceptance of the request by the Administration. Otherwise a communication will be displayed in which the reason for the rejection will be indicated, pursuant to art. 3 of Law 241/90.

The parent must communicate to the Municipality of belonging, the presence of any food allergies or intolerances, in order to provide adequate menus, before school starts or later.

4.2. School transport

The school **transport service** is activated in respect of the catchment area, to allow the pupils to reach the school closest to their home based on the parameters established for the use of the service as foreseen by the resolutions of the Capitolina Assembly n. 44/2017 and n. 3/2018.

The contribution rate is defined based on the value of the Equivalent Economic Situation Indicator (ISEE) reported in the Single Substitute Declaration (DSU).

The request for a reduced rate for the school transport service must be presented online by 30th September 2020.

5) APPLICATION FORM

5.1. When and how to present the application

The application form for registration must be submitted exclusively on-line **from 8th January to 29th January 2020**, through Rome Capital portal (www.comune.roma.it) following the path: Services - School - nursery School - Online Services: Registrations and Rankings Childhood Capitoline Schools

In order to be able to apply, the preliminary identification to the Rome Capital portal is required; for the use of on-line services with D.G.C. n. 96 of 22/05/2018 **the adoption of the Public Digital Identity System (SPID) was set up as the only authentication system.**

From 01 January 2019 it is no longer possible to obtain access credentials to online services, issued by

Rome Capital, therefore:

- those who already have credentials can continue to use them until 30th June 2020;
- those who have not yet acquired them will have to proceed with authentication in the Public Digital Identity System (SPID) by accessing the link: <https://www.comune.roma.it/web/it/area-riservata.page>. Given that the timing of release of the digital identity depends on the individual Identity Provider it is recommended to take action in time to acquire the necessary credentials for the forwarding of the application for registration in the terms provided by this Public Notice.

Applications for enrollment that arrive first have no right of way in formulating the ranking list for access to the service.

In the event of a tie, priority will be given to the child born before.

In case of further parity, the information system will proceed to random extraction.

5.2. Selection of the school

In the application form, the family must indicate the particular school they wish to enroll the child by consulting the appropriate list published on the Rome Capital portal (www.comune.roma.it) following the path:

School Services-Nursery School-Capitoline Nursery Schools

Only one application form is allowed with the indication of **only one school**, within the Municipality:

- residence of the family of the child
- the workplace of one of the parents (including the parent with whom the child does not reside)
- residence of the parent with whom the child does not reside
- residence of grandparents
- of the place where the residence of the family unit is to be transferred
- adjacent to that of residence of the family unit or of one of the parents or guardian / custodian

The Capitoline Administration favors the choice of the school closest to the residence, to ensure integration with the social environment of the child. For this purpose, the Municipalities define the division of the territory into "catchment areas". Where a school is chosen, which is located in the catchment area where the family unit resides (or one of the foster parents or guardian), or where it is intended to transfer the residence of the same, an additional score equal to 5 will be assigned to the application.

The list of places available and sections for enrollment in the nursery school is announced by each municipality through the report attached to this Public Notice.

In the event that the school closest to the residence does not have enough places available compared to the request, the Municipality has the right to assign the aforementioned 5 points for the school located in the neighboring basin, also belonging to another Municipality, as specified in the report attached to the Public Notice.

The choice of the morning or full time schedule is binding for the entire school year; for the following school year 2021/2022, users interested in changing the time slot with changeover from morning to full time and vice versa, will have to submit **a new application form**, as part of the new public notice, confirming the place at the same time already acquired for the current school year. The same procedure also applies to those who will be interested in changing schools the following year.

6) ADMISSION RANKINGS AND WAITING LISTS

6.1. The rankings

On the basis of the applications received and eligible, the Municipalities proceed with the attribution of the overall score for each child, according to the table "criteria and scores" contained in the appendix to this Public Notice. Based on this score, the chosen time, of the option expressed and the places available, the relevant Directorates of the Municipalities formulate the **temporary rankings** for each school, indicating the relative admissions and waiting lists. The **temporary rankings** will be published on February 27, 2020.

Should the family find **errors of assessment**, it may appeal to the Director of Socio-Educational Direction of the Municipality territorially competent with respect to the school for which an application was filed, within 10 working days from the date of publication of the aforementioned ranking.

The Director of Social and Educational Direction will have to reply within the next 10 days.

Any errors or omission on the part of the applicant cannot be remedied during the appeal.

The final rankings, approved by the Director of Socio-Educational Direction, after examining the appeals, will also be published online in the above-mentioned offices **by 27th March, 2020**.

The families of the children presented the following with registration for the service:

- to check their placement in a definitive ranking on time;
- to accept, in the event of admission, exclusively online mode, the seat offered by **16th April 2020, under penalty of forfeiture.**
- to communicate to the Municipality of belonging, at the time of acceptance of the place, the presence of any food allergies and / or intolerances documented with a medical certificate, in order to provide adequate menus.

presence of any food allergies and / or intolerances documented with a medical certificate, in order to provide adequate menus.

To the **twin children** male and female a specific score is attributed. In the event that the assigned score and / or Availability of place allows the inclusion of only one of the twins, the family has the right not to let the admitted child attend without losing the right acquired, pending the possible scrolling of the ranking for the insertion of the twin sister or twin brother.

6.2 Waiting list

With regard to children not admitted following the classification procedure referred to in point 5.1., The Administration will put in place the following actions;

- the children who are not admitted are included in the waiting list of the chosen school on the basis of the score obtained and the choice of full-time and morning section, to which will be proposed poses made available at the school after the phase of registration: in this case, if the offered seat is not accepted, the application is considered lapsed;
- posters available at schools without a waiting list will be offered to users included in the waiting lists of schools belonging to the same school or neighboring area, taking into account their position in the ranking list and the time chosen;
- after these operations, each Municipality will proceed with the unification of the waiting lists of all the schools in the territory to propose admission to the places that have become available exclusively based on the position of the child in the single ranking.

In all these cases, the seat offered with appropriate notice from the Municipality must be formally accepted within two working days from the date of the communication. In addition, those who have chosen full-time must present the Single Substitute Declaration (DSU) to quantify the rate for the school catering service within 15 days after acceptance of the place. Failure to submit the necessary documentation will result in the application of the maximum rate.

Additional admissions can be made up to the maximum term of **31st January, 2021**.

The / children / disability icons can be admitted to attendance with priority in any period of the school year without prejudice to the availability of places. This category also includes children reported by social services upon presentation of appropriate documentation.

They can be equally admitted at any time of the year, without prejudice to the availability of places, albeit with a lower priority than the children disabled icons and reported by social services, even the school of hygiene, in possession of a certificate of frequency, even if relative to a few days, coming from other Municipalities, or from other cities, following transfers due to registry changes in the family nucleus, except in cases where the failure to start schooling is due to the Local Entity own by the school service.

7) RENUNCIATION OF SERVICE - ABSENCES AND DECAYS

The non-formal acceptance of the post to be made online on **16th April 2020** is considered a reason for forfeiture.

Furthermore, the non-fulfillment of the obligations envisaged by law 119 of 31st July 2017 on the subject of vaccination prevention is considered a reason for forfeiture.

The child will be considered as having renounced the service, with the consequent forfeiture of the place, the child who has **never attended 10 days** after the opening of the school and, for this absence, no formal justifications have been provided.

Those who are admitted during the year and who have not attended for 10 consecutive days starting from

the date of admission set by the Municipality and who have not been given formal justifications for this absence will be considered as withdrawn. .

Considering that in the event of absence due to illness for more than five days for small users, a medical certificate is no longer required (LR 22/10/2018, no.7 - art.68 Provisions on the simplification of health certifications in terms of health protection in school environment referred to in paragraph 2), families, in order to avoid forfeiture, are required to provide a written communication pursuant to Presidential Decree 445/2000, by email, pec, or by hand, indicating the presumed duration and a valid reason for the absence, it is understood that the medical certificate must be produced in cases where it is required by international prophylaxis measures and national for public health needs (as per paragraph 1, letter A).

Absences during the year exceeding 30 consecutive days that are not justified with a medical certificate or with a declaration by the parent, showing proven reasons, automatically entail the loss of the post.

It is specified that the reconfirmation from one school year to the other is automatic for all those enrolled who are of age to attend the childhood service. Citizens who do not intend to reconfirm the position of a child to kindergarten, they can renounce the service through the online functionality provided. children with age not consistent with the school cycle are excluded from automatic reconfirmation.

Families of children with disabilities, if the health demand including educational support or autonomy, must submit an annual request for support or assistance to the Municipality.

This application is valid only for the current year.

In case of need to stay beyond the 6 year of age, the parents must go to the Town Hall to confirm the eventual registration accompanying it with the due health documentation of the disabled child's stay.

8) Notice on the completion of the application

Particular attention must be paid when completing the application form, indicating all the data requested, in the absence of which the request will be considered inadmissible, also attaching all the documentation useful for the attribution of the scores, the Municipality has the right to report any deficiencies in the documentation proving as declared in compliance with current legislation; in case, any changes or additions to the applications already submitted must be made by 29th January 2020, subject to the health disability certification referred to in point 3.1;

The competent municipal offices, listed in the attached list, are available according to the respective opening times to the public, as indicated on the web pages, to provide any clarifications on the presentation of the request, as well as to ensure the necessary support for sending online of the same.

When filling in the application form it is noted that the fields marked with the character * are mandatory and that it is necessary to tick all the fields of interest for the recognition of the correct score, any errors or omissions, cannot be remedied during the appeal;

It is represented that any decision regarding the compilation of the application must be made in compliance with the provisions on parental responsibility pursuant to articles 316, 337 ter and 337 quater of the Civil Code, which require the consent of both parents;

Users are informed that the data of attending children will be transmitted to the Lazio Region for compliance with Law L. 119/2017 concerning the Vaccine Registry;

The user is also informed that, pursuant to the General Regulations for the Protection of Personal Data (RPGD) - (EU) 20161679, Articles 13 and 14, the data provided are prescribed by the provisions in force and acquired for the institutional purposes provided for by the law for the sole purpose of the administrative procedure for which they are requested, and will be used exclusively for this purpose.

Finally it is strongly recommended to the user to proceed with adequate advance to the insertion of the application for online registration in order to have sufficient time to resolve any problem or clarify doubts by the deadline for the presentation of the application itself.

9) For more information

More detailed information on each school can be found in P.T.O.F. (Three-year Plan of the Educational Offer) to be requested from the schools themselves. In addition, the Regulations of the Municipal Childhood School and the "Integration Plan of the children male female who are able to attending the Capitoline nursery Schools" are available to families for consultation at each school and in the institutional portal of Rome Capital: <https://www.comune.roma.it/web/it/dipartimento-servizi-educativi-e-scolastici.page>

For the technical aspects relating to the online application, contact the Municipal URPs at the numbers

indicated in the list below, for further administrative information, contact the URP office of the Educational and School Services Department, at the following number 06/671070353 or Offices Childhood / Urp Municipal School listed below.

Rome Easy Municipal Points receive by appointment. At the time of booking the request for access must be specified;
